

IPA Physio
PORTLAND

Exciting Opportunity to Join the IPA Physio Portland Team

IPA Physio, an associate of IPA, Inc., is a growing group of private, outpatient physical therapy clinics owned and operated by Fellows of Functional Manual Therapy® (FMT) or clinicians certified in Functional Manual Therapy®. Each clinic offers unique opportunities for physical therapists to evolve their orthopedic practice through mentorship and continuing education focused strongly in the FMT approach.

IPA Physio Portland is seeking to hire a passionate manual therapist who desires to become a master clinician and participate in practice building through self-marketing and community relationships. Become part of this exciting team and enjoy the benefit of one on one, hour long sessions in which you can truly “Discover Your Potential®” and focus on your patient, not the documentation and insurance challenges so prevalent in many PT practices today.

Join this rapidly growing team and enjoy the following:

- Patient Focused Setting
 - Cash-based practice
 - One hour 1-on-1 appointments
- Clinical mentorship through bi-monthly in-services, direct observation of AAOMPT fellow and pre-arranged co-treats
- Guaranteed full time within three months of start date
- Rapid and competitive salary growth opportunities
- Optional IPA residency or fellowship (requires minimum 3 year commitment)
- Preferential consideration given to those who are Certified in Functional Manual Therapy® (CFMT) or registered for CFMT

To apply, submit resume to portland@ipa.physio
